

CEMFLOOR ANCILLARY RANGE

PRIME PLUS | DPM | SEAL | WB PRIMER

WHY CEMFLOOR?

- ✓ Complete system designed for performance
- ✓ Specially formulated and tested for use with all cemfloor screed products
- ✓ Easy application = faster installation.
- ✓ Trusted by professionals across Ireland & the UK.

Cemfloor Prime Plus

- Multi-purpose product for use on concrete, cement based screeds, wood and calcium sulphate screeds.
- Provides strong adhesion for a longer-lasting application.
- Penetrates deep into substrates to reduce surface porosity.
- Easy to use with a broom, or sprayer for great coverage.
- Water based, safe and easy to apply.

Cemfloor DPM 25 (Damp Proof Membrane)

- Prevents residual moisture issues.
- Allows earlier floor covering installation.
- Suitable for high-humidity conditions.
- Provides a reliable moisture barrier.

Cemfloor SEAL 25

- Protects screeds from staining and dirt.
- Enhances surface durability and resistance.
- Easy to apply, providing long-lasting finish.
- Ideal for domestic and commercial projects.

Cemfloor WB PRIMER

- Water-based primer for strong bonding.
- Improves adhesion between screed and coverings.
- Reduces absorption and dusting.
- Fast-drying, easy-to-use solution.
